WORDNOOSE

A HANGMAN GAME IN C++

Objective

- Guess letters to reveal a secret word
- Each wrong guess adds a body part to the hangman
- Goal is to guess the word before the hangman is fully drawn

Tools

- Windows Console
- Language C++
- `#include <iostream>` (Input/Output)
- `#include <fstream>` (File Handling)
- `#include <cstdlib>, <ctime>` (Random Word Picker)
- `#include <windows.h>` (Console Color)
